Course Code: 2201099
Course Title: Intensive English

Course Description

This is a course that aims at improving students' basic English skills so that they are able to utilize the language and not simply know it. They will be instructed on how to write an error-free simple sentence, compound sentence, and complex sentence while avoiding getting tangled up in the rules of the English language. Students will also work on improving their reading, listening, and communication skills.

Intended Learning Outcomes (ILOs):

By the end of this course, students should be able to:

1. Know how to write correct simple, compound, and complex sentences,
2. Use correct punctuation in their writing,
3. Use the basic tenses correctly in both their spoken and written language,
4. Learn new vocabulary that they will use in their day-to-day communications,
5. Improve their speaking skills and learn how to listen attentively, and
6. Build their confidence in using the English language.
